## **Independent Auditors' Report**

Retirement Board of the Government of Puerto Rico  
Employees' Retirement System of the Government of the  
Commonwealth of Puerto Rico:

We have audited the accompanying schedule of employer allocations of the Defined Benefit Pension Plan for Participants of the Employees' Retirement System of the Government of the Commonwealth of Puerto Rico (the Commonwealth) (the Plan) as of July 1, 2017, and the related notes. We have also audited the total for all entities of the column titled total pension liability (specified column total) included in the accompanying schedule of total pension liability by employer of the Plan as of July 1, 2017, and the related notes.

### ***Management's Responsibility for the Schedules***

Management is responsible for the preparation and fair presentation of these schedules in accordance with U.S. generally accepted accounting principles; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express opinions on the schedule of employer allocations and the specified column total included in the schedule of total pension liability by employer based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the schedule of employer allocations and the specified column total included in the schedule of total pension liability by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedule of employer allocations and the specified column total included in the schedule of total pension liability by employer. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the schedule of employer allocations and the specified column total included in the schedule of total pension liability by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedule of employer allocations and the specified column total included in the schedule of total pension liability by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedule of employer allocations and the specified column total included in the schedule of total pension liability by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

**Opinions**

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and the total pension liability for the total of all participating entities for the Plan as of July 1, 2017, in accordance with U. S. generally accepted accounting principles.

**Emphasis of Matter**

As further discussed in note 1, effective July 1, 2017 all employers' contributions were eliminated, and the Commonwealth implemented a new "pay-as-you-go" (PayGo) system for the payment of pensions. Our opinions are not modified with respect to this matter.

**Other Matter**

The supplemental schedule of intra-entity allocations – primary government – excluding blended component units and the supplemental schedule of intra-entity total pension liability – primary government – excluding blended component units on pages 12 and 13 have not been subjected to the auditing procedures applied in the audit of the schedule of employer allocations and the schedule of total pension liability by employer and accordingly, we do not express an opinion or provide any assurance on them.

**Restriction on Use**

Our report is intended solely for the information and use of management of the Commonwealth of Puerto Rico and its component units and their auditors and is not intended to be and should not be used by anyone other than these specified parties.

## COMMONWEALTH OF PUERTO RICO

### Defined Benefit Pension Plan for Participants of the Employees' Retirement System of the Government of the Commonwealth of Puerto Rico

Notes to Schedule of Employer Allocations and Schedule of Total Pension Liability by Employer

July 1, 2017

#### (1) Plan Description and Basis of Presentation

The Defined Benefit Pension Plan for Participants of the Employees' Retirement System of the Government of the Commonwealth of Puerto Rico (the Commonwealth) (the Plan) was created pursuant to Act No. 447 on May 15, 1951, as amended (Act No. 447) to provide pension and other benefits to retired employees of the Commonwealth, its public corporations and municipalities. Prior to the effect of Act No. 106 of August 23, 2017 (Act No. 106-2017) the Plan was administered by the Employees' Retirement System of the Government of the Commonwealth of Puerto Rico (the System). Effective July 1, 2017, all employer contributions were eliminated pursuant to Act No. 106-2017 and the Commonwealth implemented a "pay-as-you-go" (PayGo) system for the payment of pensions. Also pursuant to Act No. 106-2017, the System was required to liquidate its assets and transfer the net proceeds to the Department of Treasury of the Commonwealth to pay pension benefits.

As a result of the implementation of the PayGo system, the Plan does not meet the criteria in paragraph 4 of Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, to be considered a plan that is administered through a trust or equivalent arrangement and, therefore, is required to apply the guidance in GASB Statement No. 73, *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. Under the guidance of GASB Statement No. 73, the Commonwealth and its component units are considered to be one employer, and are classified for financial reporting purposes as a single-employer defined benefit pension plan. Therefore, the accompanying schedule of employer allocations and the schedule of total pension liability by employer (collectively, "the Schedules") present the pension liability as of July 1, 2017 attributable to the Commonwealth reporting entity (i.e., the Commonwealth and its component units).

The Schedules present amounts that are considered elements of the financial statements of the Commonwealth or its component units. Accordingly, they do not purport to be a complete presentation of the financial position or changes in financial position of the Commonwealth or its component units.

The amounts presented in the Schedules were prepared in accordance with U.S. generally accepted accounting principles. Such preparation requires management of the Commonwealth to make a number of estimates and assumptions relating to the reported amounts. Due to the inherent nature of these estimates, actual results could differ from those estimates.

#### (2) Pension Benefits

The benefits provided to the Plan participants are established by Commonwealth law and may be amended only by the Legislature with the Governor's approval, or by court decision.

Certain plan provisions are different for the three groups of members who entered the Plan prior to July 1, 2013 as described below:

- Members of Act No. 447 are generally those members hired before April 1, 1990 (contributory, defined benefit program).
- Members of Act No. 1 of February 16, 1990 (Act No. 1) are generally those members hired on or after April 1, 1990 and on or before December 31, 1999 (contributory, defined benefit program).

- Members of Act No. 305 of September 24, 1999 (Act No. 305 or System 2000) are generally those members hired on or after January 1, 2000 and on or before June 30, 2013 (defined contribution program).

All regular employees hired for the first time on or after July 1, 2013, and former employees who participated in the defined benefit program and the System 2000 program, and were rehired on or after July 1, 2013, become members of the Contributory Hybrid Program as a condition to their employment. In addition, employees who at June 30, 2013, were participants of previous programs became part of the Contributory Hybrid Program on July 1, 2013. Also, Act No. 3 of April 4, 2013 (Act No. 3 of 2013) froze all retirement benefits accrued through June 30, 2013 under the defined benefit program and, thereafter, all future benefits accrued under the defined contribution formula used for the System 2000 program participants.

No. 447 members, the years of credited service, and the attained age of the member all as of June 30, 2013. For Act No. 447 Mayors, the highest compensation, as defined, as a Mayor is determined as of June 30, 2013.

If the Act No. 447 member had at least 30 years of credited service as of June 30, 2013, the accrued benefit equals 65% of average compensation if the member was under age 55 as of June 30, 2013 or 75% of average compensation if the member was at least age 55 as of June 30, 2013. For participants selecting to coordinate with social security (the Coordination Plan), the benefit is re-calculated at the Social Security Retirement Age (SSRA), as defined, as 1.5% of average compensation up to \$6,600 multiplied by years of credited service, up to 30 years, plus 65% (75% if member was at least age 55 as of June 30, 2013) of average compensation in excess of \$6,600.

If the Act No. 447 member had less than 30 years of credited service as of June 30, 2013, and attains 30 years of credited service by December 31, 2013, the accrued benefit equals 55% of average compensation if the member was under age 55 as of June 30, 2013 or 60% of average compensation if the member was at least age 55 as of June 30, 2013. For participants selecting the Coordination Plan, the benefit is re-calculated at SSRA as 1.5% of average compensation up to \$6,600 multiplied by years of credited service, up to 30 years, plus 55% (60% if member was at least age 55 as of June 30, 2013) of average compensation in excess of \$6,600. Member contributions received from Act No. 447 members eligible for this transitory benefit during the period beginning July 1, 2013 and ending upon the attainment of 30 years of credited service are considered pre-July 1, 2013 contributions; the contributions to the Defined Contribution Hybrid Contribution Account begin after the member attains 30 years of credited service.

If the Act No. 447 member had less than 30 years of credited service as of December 31, 2013, the accrued benefit equals 1.5% of average compensation multiplied by years of credited service up to 20 years, plus 2% of average compensation multiplied by years of credited service in excess of 20 years. Maximum benefit is 75% of average compensation. Except for Commonwealth Police and Commonwealth Firefighters, the benefit is actuarially reduced for each year payment commences prior to age 58. For participants selecting the Coordination Plan, the basic benefit is re-calculated at SSRA as 1% of average compensation up to \$6,600 multiplied by years of credited service up to 20 years, plus 1.5% of average compensation up to \$6,600 multiplied by years of credited service in excess of 20 years, plus 1.5% of average compensation in excess of \$6,600 multiplied by years of credited service up to 20 years, plus 2.0% of average compensation in excess of \$6,600 multiplied by years of credited service in excess of 20 years. Except for Police and Firefighters, the benefit is actuarially reduced for each year payment commences prior to age 58.

For Act No. 447 Mayors with at least 8 years of credited service as a mayor, the accrued benefit will not be less than 5% of highest compensation, as defined, as a Mayor for each year of credited service as a Mayor up to 10 years, plus 1.5% of highest compensation as Mayor for each year of non-Mayoral credited service up to 20 years, plus 2.0% of highest compensation as Mayor for each year of non-Mayoral credited service in excess of 20 years. Non-Mayoral credited service includes service earned as a Mayor in excess of 10 years. Maximum benefit is 90% of highest compensation as a Mayor.

#### (3) **Allocation Methodology**

GASB Statement No. 73 requires that the primary government and its component units that provide pensions through the same defined benefit pension plan, recognize their proportionate share of the total pension liability. The employer allocation percentage presented in the accompanying schedule of employer allocations and applied to the total amount in the schedule of total pension liability by employer is based on the ratio of each participating entity's benefit payments for allocation to the aggregate total of benefit payments for allocation paid by all participating entities during the year ending on the measurement date. Employer allocation percentages have been rounded for presentation purposes; therefore, amounts of the total pension liability presented by employer may result in immaterial differences. The difference between the actual benefits payments column and the benefits payments for allocation in the accompanying schedule of employer allocations represents lump-sum distributions of accumulated benefits that were not considered for allocation purposes.

#### (4) **Total Pension Liability and Actuarial Information**

The total pension liability was approximately \$28.2 billion as of July 1, 2017. The total pension liability as of July 1, 2017 was determined by an actuarial valuation as of July 1, 2016 which was rolled forward to July 1, 2017 (measurement date as of July 1, 2017).

##### (a) **Actuarial Methods and Assumptions**

The actuarial valuation used the following actuarial assumptions applied to all periods in the measurement period.

##### *Discount Rate*

The discount rate for July 1, 2017 was 3.58%. This represents the municipal bond return rate as chosen by the Commonwealth. The source is the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher.

Notes to Schedule of Employer Allocations and Schedule of Total Pension Liability by Employer

July 1, 2017

The mortality tables used in the July 1, 2017 actuarial valuation were as follows:

— *Pre-retirement Mortality*

For general employees not covered under Act No. 127, RP-2014 Employee Mortality Rates for males and females adjusted to reflect Mortality Improvement Scale MP-2017 from the 2006 base year and projected forward using MP-2017 on a generational basis. For members covered under Act No. 127, RP-2014 Employee Mortality Rates are assumed with blue collar adjustments for males and adjusted to reflect Mortality Improvement Scale MP-2017 from the 2006 base year and projected forward using MP-2017 on a generational basis. As generational tables, they reflect mortality improvements both before and after the measurement date.

100% of deaths while in active service are assumed to be occupational for members covered under Act 127.

— *Post-retirement Healthy Mortality*

Rates which vary by gender are assumed for healthy retirees and beneficiaries based on a study of the Plan's experience from 2007 to 2012 and updated expectations regarding future mortality improvement. The 2010 base rates are equal to 92% of the rates from the UP-1994 Mortality Table for Males and 95% of the rates from the UP-1994 Mortality Table for Females, both projected from 1994 to 2010 using Scale AA. The base rates are projected using Mortality Improvement Scale MP-2017 on a generational basis. As a generational table, it reflects mortality improvements both before and after the measurement date.

— *Post-retirement Disabled Mortality*

Rates which vary by gender are assumed for disabled retirees based on a study of the Plan's experience from 2007 to 2012 and updated expectations regarding future mortality improvement. The 2010 base rates are equal to 105% of the rates from the UP-1994 Mortality Table for Males and 115% of the rates from the UP-1994 Mortality Table for Females. The base rates are projected using Mortality Improvement Scale MP-2017 on a generational basis. As a generational table, it reflects mortality improvements both before and after the measurement date.

*Other Assumptions as of July 1, 2017*

Actuarial cost method	Entry age normal
Inflation rate	Not applicable
Salary increases	3.00% per year. No compensation increases are assumed until July 1, 2021 as a result of Act No. 3-2017, four-year extension of Act No. 66-2014, and the current general economy.
